

Winter wonderings

Why does a leaf fall from a tree and how?

By Ahmad E (2W)

Prediction

In Autumn the days become cooler and shorter. When the leaf gets old and it is orange, yellow and brown the leaf falls to the ground.

Research

Actually did you know that leaves don't fall. The tree pushes the leaves off the branches so the tree can prepare for winter.

WONDER, **act** and **think!!**

Drama in 2A!!

By Ceraj

I really liked our drama lessons with Miss Jen. I felt very happy during drama because we did lots of reading and actions. I also like it when we looked at the 'Boy and the Penguin' book because we acted out the parts of the boy and the penguin. When we read lots of books I saw new words and characters. Drama makes me act funny, nice, angry and crazy because we act out different stories and characters.

Stage 1 School Stories!

Stage 1 have been learning that they can write stories based on their own experiences and share their experiences with others through their writing!

What experiences could you write about for others to enjoy reading?

When I got my gold badge!

By Zainab E (2W)

Last week I got a gold badge. I was so nervous because the whole school was watching me in the hall.

After I received my gold badge we watched a video. We got to stay on the stairs for the whole assembly.

Then Mr Zereka took photos of the gold badge people. It was the best day! Now I have a gold badge every year. Yay! I am in Year 2.

How to make an insect habitat

By Lulu (2A)

In the garden with Miss Natalie we built our own habitats for insects and other creatures. We needed lots of sticks, then a leaf for a pillow and bark for a chair or mattress. Then you need an egg shell and fill it with water. Last but not least you need to put it all together.

How do you....?

Instructions for you!

How to use puppet pals on the iPad

By Janah, Kyedon and Zainab (2A)

Step 1: Go on the app Puppet Pals HD

Step 2: Click 'Press to start'

Step 3: Take a photo of a character or choose a character

Step 4: Choose your setting or take a photo of a setting or background

Step 5: Press record and move your character to make your movie.

Going back in time

By Ceraj (2A)

On Tuesday 21st May Year 2 went back 100 years to 1919. First we lined up and there was a boy and girl line. Then we went inside. The teachers were all dressed up and acted strict! When we were inside we talked about our rules. The first rule was 'work in silence.'

After we learnt the rules we had a maths lesson. We did addition, times tables and subtraction. Then we did some spelling with Mrs Mellish. After spelling we went to Nature Study with Ms Ward and then we played some clapping games under the COLA. Finally we had hand writing and story time with Miss Alsalimy. I felt like I was really in the past and we learnt a lot...but I like school in 2019.

More School Stories

Gardening By Zainab A (2W)

In gardening we made habitats for a lot of insects but they were just ants and a worm. When gardening was over I felt sad. My sister came to me and she said, 'Can I play with you?' When I had an ideas I said, 'Yes'. We made a habitat together. It was much bigger and lots of insects came. I was so happy. So was my sister.

Raw Art By Jacqui (1D)

I like Raw Art because we make things. Miss Monika helped us to make a spider. We had cardboard paper to do it. I made a mistake with my cutting with scissors. It was hard work to do but I fixed it and saw at the end that it was good. I made spider webs with paint.

Toothpaste machine By Maryam C (1Y)

Me and my friend created a toothpaste machine for our teacher because she had a problem with her toothpaste. She couldn't get the last bit out of the tube! So we created a toothpaste machine for her to get the last bit out.

Christine Anu

All the people came to the hall and they were watching Christine Anu. Christine Anu was showing us how to dance and she was showing us how to sing. I was happy because Christine Anu came.

By Rukiye (1/KL)

Christine Anu came to sing songs in the hall. We sat on the floor and we watched Christine Anu. She sang for us on the stage. By Batool (1/KL)
